

INVITATION TO BID NO. 08-09-046 NOTICE TO CONTRACTORS

Sealed bids will be received by the **City of Miami, Office of the City Clerk, City Hall, 1st Floor, 3500 Pan American Drive, Miami, Florida 33133-5504** for:

Dinner Key Maintenance Dredging

Bid No.: 08-09-046

Bids Due Date: Friday, May 29, 2009, at 2:00 P.M.

Scope of Work: The Work consists of furnishing all materials, labor, and equipment necessary for Maintenance dredging of the submerged lands within the Dinner Key Marina, Section 21, 22, 23, 26, 27 and 35, Township 54 South, Range 41 East, on Biscayne Bay, in Miami-Dade County Florida.

The proposed Work includes maintenance dredging of 9,526 cubic yards of sediment along 2,560 linear feet of bulkhead within the Dinner Key Marina to varying depths, with a maximum dredge depth of -6 feet MLW. The maintenance dredging activities are to be conducted in compliance with the Miami-Dade County Department of Environmental Resources Management Class I Coastal Construction Permit, dated December 19, 2008; the Florida Department of Environmental Protection permit dated September 6, 2007 and a permit modification dated September 21, 2007; and the U.S. Army Corps of Engineers permit dated September 7, 2007

CIP has scheduled a non-mandatory pre-bid conference and site visit which will be held at the following date, time and location:

**Location: The City of Miami, 444 S.W. 2nd Avenue, 10th Floor
City Manager's Conference Room**
Date/Time: Wednesday, May 6, 2009 @ 10:00 a.m.

Minimum Requirements:

Prospective Bidder shall hold a current certified license as a General Contractor from the State of Florida or a General Engineering license from Miami-Dade County, and must have a minimum of five (5) years experience, under its current business name, in mechanical dredging and sediment dewatering in projects of a similar size, scope, and complexity, supported by references for three (3) projects within the past seven (7) years. Additional minimum requirements can be found in Article 2, Supplemental Terms and Conditions. One of these projects must have been performed within the State of Florida. Experience must include maintenance dredging within the influence of tidal currents with varying sediments ranging from silt, organics, from fine to coarse grain sand. The Bidder must self-perform at least thirty five percent (35%) of the physical construction work.

The Contractor's Project Manager must have at least five (5) years of mechanical dredging construction experience with sediments from silt, organics, from fine to coarse grain sand.

The Contractor's Construction Superintendent must have at least five (5) years of mechanical dredging construction experience with sediments from silt, organics, from fine to coarse grain sand.

The Bid may only be obtained by visiting Capital Improvements Program's website at <http://www.miamigov.com/capitalimprovements/pages/ProcurementOpportunities/Default.asp> **It is the sole responsibility of all firms to ensure the receipt of any addendum and it is recommended that bidders periodically check the CIP webpage for updates**
