### City of Miami Commissioner Marc D. Sarnoff Launches District Two Website

**Miami, Florida-** City of Miami Commissioner Marc D. Sarnoff launched his website this week. The goal of the site is to keep constituents informed about developments in district 2, as well as make the Commissioner's office more accessible to Miami residents. The website features information about recent events, staff members and how to contact them; press releases, important phone numbers and more. The website is available in English and Spanish.

"District 2 residents along with the City of Miami will enjoy their experience interacting with our website. This site will afford us the opportunity to communicate with our residents on how we can improve the quality of life. The site will be interactive affording the user the experience to learn issues that affect us locally and globally. We must all think globally, but by learning to act locally we can make lasting changes." said Commissioner Sarnoff.

Commissioner Sarnoff's website can be accessed by visiting [www.miamigov.com](http://www.miamigov.com).
