Commissioner Marc D. Sarnoff Wins Another Park Victory For District 2

(Miami, FL.)- Commissioner Marc D. Sarnoff, during this week's Commission meeting, passed a resolution from his District 2 agenda in which the City of Miami will act as the applicant for the acquisition of the under water rights from the State of Florida to a land located directly behind 1001 Brickell Bay Drive, (the Aon Building) to create a one acre park for public use. This project will be completely funded by Maurizio Cavaleri Developer of Brickell Bay Ltd.

If the state fails to accept the request for the submerged land rights the Developer has agreed to provide \$800,000 for the acquisition and maintenance of a park within District 2.

"This is a real win for all the residents of Miami, the Developer, as well as the residents of this project who will also have use of this park. This is the second park in two months, that we created," said Sarnoff.
