Don't Fall for Dangers!

Rover wants you to learn how to be safe at home and not to slip or fall. Answer each question as true or false.

- ___ 1. Only old people fall down.
- ___ 2. We should pick up our own toys and things and put them away.
- ___ 3. Sometimes I leave my toys or books on the floor.
- ___ 4. It is very important to wipe up any spills on the floor, especially in the kitchen and bathroom.
- ___ 5. Since I am young, I don't need to hold on to the handrails when going up or coming down the stairs.
- ___ 6. A bath mat in the bathtub will help keep me from slipping when I get in and out of the tub or shower.
- ___ 7. I don't need to turn the lights on at night if I need to get up for something.
- ___ 8. It is OK to run down the stairs or play on the stairs.
- ___ 9. When playing outside, it is a good idea to watch where you're going so you don't trip over rocks or tree roots.
- ___ 10. There is no need to clean up water that could have splashed out of the tub or shower...it will dry all by itself.
